

**WHICH FIRST?
THE GOOD NEWS?...OR THE OTHER GOOD NEWS?**

**PERHAPS AMERICORPS CAPE COD'S ACCOMPLISHMENTS THIS, THEIR 25TH,
YEAR?**

With Chatham Conservation Foundation: Vegetarian Management at the Chatham House;

Mill Pond Valley Rain Garden; Chatham Environmental Fair.

With Town of Chatham Dept. of Natural Resources:

Shellfish Propagation at the Causeway; Herring Run Clearing; Goose Pond Tree Clearing

With Chatham Friends of Trees: Chatham Trees and Trails Day

With Chatham Garden Club: Mulching

With Chatham Recycles: Annual Book & Media Swap Event Support

**OR MAYBE AN UPDATE ON THE HOUSEHOLD HAZARDOUS WASTE WATER
QUALITY PROGRAM?**

Half-way through this season (April through July), the program had collected over 63 lbs

of elemental mercury and 298,000 lbs of toxic household and small business chemicals,
and has disposed of these properly.

Next Collection: Saturday, September 14, 9 til Noon, Harwich Transfer Station, Info:
800-319-2783

LATEX PAINT RECYCLING?

In ONE day, over 200 cars from all over the Cape dropped off their unused paint
to be recycled into new latex paint.

AND ALL THAT RECYCLABLE BOAT SHRINK WRAP?

Nearly 47 tons were collected by 5 Cape Cod towns including Chatham this year.
Instead of going into the trash, that huge amount of plastic will be recycled into new
materials like all-weather decking!

AND DON'T FORGET THE CHATHAM CONSERVATION FOUNDATION'S WONDERFUL ENVIRONMENTAL FAIR TWO WEEKS AGO!

So many great organizations participating.

THANK YOU TO ALL WHO CONTINUE TO DO SUCH INCREDIBLE WORK!
